

SHARMILA

ARCHITECT UI UX DESIGNER PHOTOGRAPHER

I am an avid UI/UX designer with a strong commitment to crafting user-friendly and intuitive digital experiences. Recognizing the pivotal role of design in enhancing user satisfaction and achieving business objectives, I specialize in creating seamless interfaces for **websites**, **mobile apps**, and software.

In the domain of visual design, I excel in crafting unified and visually captivating interfaces, maintaining brand integrity through elements like colour schemes, typography, and graphical elements. I firmly believe in the power of usability testing to collect real-time feedback and insights, pinpointing areas for enhancement.
